

Darley Dale, Wensley, Winster and Elton Safer Neighbourhood Team

PCSO Mattison spent the afternoon at Churchtown Primary School before they broke up for school holidays to speak to the year 5 and 6 pupils around Anti-Social Behaviour, the consequences and how it can affect others around us.

If you have any issues with ASB please report via 101 or 999 in an emergency. You can also report via the main Derbyshire facebook page or via the contact us tab on at www.derbyshire.police.uk

We received a report in relation to a theft of a catalytic convertor from a vehicle parked in the Whitworth Hospital carpark at the end of July. As a result, please see below around reducing the risk of this occurring.

Reduce The Risk

Garage your car whenever possible

Park in well-lit busy areas

Be aware of people looking under cars

If the car is high risk consider marking the metal shell of the converter with a unique mark, so that if it is removed by thieves, it will be easier to trace back to your vehicle

Fit a catalytic converter clamp or security cage.

If you require anymore crime prevention advice regarding catalytic convertor thefts, please come along to one of the street meets listed on the community engagements.

**Report any suspicious activity to the police on 101 or the options at the bottom of this newsletter.
In an emergency dial 999.**
